- Information on the shares: number of shares held by the shareholder, ISIN AT0000937503,

- Date to which the deposit certificate refers.

The deposit certificate as evidence of share holdings must refer to the aforementioned record date June 24, 2018.

Issue before June 25, 2018 not possible!

Therefore it is not possible to issue a deposit certificate prior to June 25, 2018.

All depositary banks are requested to send the deposit certificate to the Company on June 25, 2018, especially if the deposit certificate will be transmitted to the Company by mail or messenger.

Language

The deposit certificate will be accepted in German and English.

Shareholders will not be blocked by a registration for the Annual General Meeting or by submitting a deposit certificate; therefore, shareholders are free to dispose of their shares after having registered for the Annual General Meeting or having submitted a deposit certificate.

No participation without complete and correct deposit certificate

The Company would like to point out that for shareholders whose depositary banks have not submitted a complete and correct deposit certificate in accordance with Sec. 10a AktG in due time using one of the above-mentioned ways of communications it shall not be possible to participate in the Annual General Meeting or to exercise the voting right!

Examples

In order to avoid incorrect or incomplete deposit certificates, which do not meet the requirements of Sec. 10a AktG please refer to the attached specimen.

It is well understood that the specimen only serves for illustration purposes and that the Company will accept all deposit certificates whose content complies with the legal requirements and which are submitted to the Company in due time and through one of the aforementioned communication paths.

Admission cards

As the depositary bank we would like to ask to submit admission cards to the shareholders entitled to participate, who are named in the deposit certificates. These

admission cards should state the name of the shareholder and the number of shares. This will accelerate the registration of shareholders on the day of the Annual General Meeting and as a rule avoids verifying the identity of persons who do not have an admission card by an official identity document.
