

# CONSOLIDATED CORPORATE GOVERNANCE REPORT 2019/20

## COMMITMENT TO THE AUSTRIAN CORPORATE GOVERNANCE CODE

The Austrian Corporate Governance Code (“Code”) provides Austrian stock corporations with a framework for managing and monitoring their company. It serves to establish a system for managing and controlling companies and groups that is accountable and geared to creating sustainable, long-term value. This is designed to ensure a high degree of transparency for all stakeholders of a company.

The Code is based on the provisions of Austrian stock corporation, stock exchange, and capital market law; the EU recommendations regarding the responsibilities of members of supervisory boards and the compensation of directors; as well as the OECD Principles of Corporate Governance. Since 2002, the Code has undergone a

number of revisions. The present Corporate Governance Report is based on the most recent amendment of the Code, which was adopted in January 2018.<sup>1</sup>

» The Code is publicly accessible at [www.corporate-governance.at](http://www.corporate-governance.at)

The Code achieves validity when companies voluntarily undertake to adhere to it. The Management Board and the Supervisory Board of voestalpine AG decided as early as in 2003 to acknowledge the Corporate Governance Code, and they have also accepted and implemented the amendments introduced since then. voestalpine AG thus commits itself to comply with the Austrian Corporate Governance Code as amended.

In addition to the mandatory “L Rules,” the company also complies with all of the “C Rules” and “R Rules” of the Code.<sup>2</sup>

<sup>1</sup> Relative to the January 2018 version of the Code, solely rules that apply to business years starting after June 10, 2019, were added to the Code as amended January 2020. These rules are not material to the present Report for 2019/20.

<sup>2</sup> The Corporate Governance Code contains the following rules: “L Rules” (= Legal) are measures prescribed by law; non-compliance with the “C Rules” (= Comply or Explain) must be justified; “R Rules” (= Recommendations) are recommendations.

## COMPENSATION REPORT FOR MANAGEMENT BOARD AND SUPERVISORY BOARD

### Management Board

The fixed compensation of the Management Board is determined by the General Committee of the Supervisory Board pursuant to Austrian legal requirements and is reviewed periodically.

The award of a bonus is subject to a target agreement to be concluded with the General Committee of the Supervisory Board that consists of quantitative and qualitative targets. The maximum bonus is limited to 200% of the annual gross salary for members of the Management Board and to 250% of the annual gross salary for the chairman of the Management Board. If the agreed targets regarding quantitative targets are achieved exactly, 60% of the maximum bonus applies; if the agreed targets regarding qualitative targets are achieved, 20% of the maximum bonus applies. Any overachievement of the targets is taken into consideration proportionately until the maximum bonus is reached. The quantitative targets are “earnings before interest and taxes” (EBIT), the “return on capital employed” (ROCE), and working capital as a percentage of revenue; for the time being, the latter applies only to the business year 2019/20. Specific target amounts are determined periodically (in each case for a period of three years) by the General Committee of the Supervisory Board in consultation with the Management Board. They are computed independently of the respective budget and/or the medium-term business plan, i.e., budget compliance does not mean that a bonus is granted. The stipulated qualitative targets for the business year 2019/20 were, first, presentation of a report to the Supervisory Board regarding a long-term digitalization strategy and, second, presentation of an initial, indicative profitability analysis of a current technological scenario regarding CO<sub>2</sub>-reduced steel production.

The amount of the contractually stipulated company pension payable to the members of the Management Board, Dipl.-Ing. Herbert Eibenstein, Dr. Wolfgang Eder (until July 3, 2019), and Mag. Dipl.-Ing. Robert Ottel depends on the length of their service. The amount of the annual pension equals 1.2% of the most recent annual gross salary for each year of service. However, the pension benefit cannot exceed 40% of the most recent annual gross salary (excluding variable compensation). A defined contribution arrangement was put in place for the following members of the Management Board: Dipl.-Ing. Franz Rotter; Dipl.-Ing. Dr. Franz Kainersdorfer; Dipl.-Ing. Dr. Peter Schwab; and Dipl.-Ing. Hubert Zajicek; pursuant to the agreement, the company pays 15% of their annual gross salary (excluding bonuses) into the pension fund.

An extraordinary supplementary payment to the defined contribution system was resolved in the business year 2018/19 for the Management Board members, Dipl.-Ing. Franz Rotter, Dipl.-Ing. Dr. Franz Kainersdorfer, and Dipl.-Ing. Dr. Peter Schwab. The payment to the pension fund shall be made in five equal annual instalments starting on March 31, 2020.

Upon termination of their director's contracts, Management Board members are granted severance pay that is modeled on the approach set forth in the Austrian Employment Act (*Angestelltengesetz – AngG*), pursuant to which the maximum allowable under the law may not be surpassed.

D&O insurance has been purchased for the members of the Management Board (as well as for the Group's executives) and for the members of the Supervisory Board at a cost of EUR 0.3 million (2018/19: EUR 0.2 million) that is borne by the company.

The compensation paid to the members of the Management Board of voestalpine AG for the business year 2019/20 comprises the following:

	Current compensation fixed	Current compensation variable	Total
Dipl.-Ing. Herbert Eibensteiner	0.98	0.47	1.45

In millions of euros

The variable compensation specified in the foregoing table for the previous year includes EUR 0.42 million in long-service bonuses. No long-service bonuses were paid in the business year 2019/20. In addition to the compensation contained in the above table, a total of EUR 3.41 million in severance payments were made to Dr. Wolfgang Eder in the business year 2019/20. Furthermore, the following service costs (personnel expenses) are recognized in the Consolidated Financial Statements for members of the Management Board with defined benefit pension agreements: Dr. Wolfgang Eder (until July 3, 2019) EUR 0.00 million (2018/19: EUR 0.00 million); Mag. Dipl.-Ing. Robert Ottel EUR 0.42 million (2018/19: EUR 0.32 million); and Dipl.-Ing. Herbert Eibensteiner EUR 0.40 million (2018/19: EUR 0.29 million). In the business year 2019/20, expenses for ongoing pension fund contributions as well as expenses—to the extent relevant—for the aforementioned supplementary defined contribution payment were recognized in the Consolidated Financial Statements as follows for the Management Board members with defined contribution pension agreements: Dipl.-Ing. Franz Rotter EUR 0.59 million (2018/19: EUR 1.14 million); Dipl.-Ing. Dr. Franz Kainersdorfer EUR 0.52 million (2018/19: EUR 0.37 million); Dipl.-Ing. lion); and Dipl.-Ing. Hubert Zajicek EUR 0.06 million. Pension payments in the amount of EUR 1.52 million (2018/19: EUR 1.02 million) were paid by the pension fund for former members of the Management Board with defined benefit pension agreements.

As of the reporting date, the outstanding balance of the variable compensation was EUR 1.57 million (2018/19: EUR 5.87 million). No advances or loans were granted to the members of the Management Board of voestalpine AG.

Directors' dealings notices of the members of the Management Board are published on the company's website ([www.voestalpine.com](http://www.voestalpine.com)) » Investors » Corporate Governance).

#### Supervisory Board

Under Article 15 of the Articles of Association, the shareholder representatives on the Supervisory Board of voestalpine AG are paid compensation of 0.1% of the profit after tax pursuant to the adopted Consolidated Financial Statements. The total amount is distributed as follows based on an allocation key: 100% for the Chairman, 75% for the Deputy Chairman, and 50% for each of the other members, with a minimum compensation of EUR 27,000 for the Chairman, EUR 20,000

for the Deputy Chairman, and EUR 13,000 for each of the other members of the Supervisory Board pursuant to the amendment of Article 15 of the Articles of Association resolved by the Annual General Meeting 2016. The compensation of the Supervisory Board is limited to four times the stated amounts. The members of the Supervisory Board nominated by the Works Council do not receive any compensation. All members of the Supervisory Board are paid an attendance fee of EUR 500 per meeting. No separate compensation is paid for meetings of the committees of the Supervisory Board, but an attendance fee of EUR 500 per meeting is paid nonetheless.

According to this arrangement, the shareholder representatives on the Supervisory Board were paid the following compensation for the business year 2019/20: Dr. Joachim Lemppenau (Chairman): EUR 27,000 (2018/19: EUR 96,000); Dr. Heinrich Schaller (Deputy Chairman): EUR 20,000 (2018/19: EUR 72,000); and all other shareholder representatives: EUR 13,000 (2018/19: EUR 48,000) each.

The Articles of Association have contained finalized rules as to the annual compensation of the members of the Supervisory Board and the method of calculating it since the Annual General Meeting 2006. As a result, the Annual General Meeting need not adopt a separate resolution every year.

The total compensation paid to the members of the Supervisory Board (including attendance fees) for the business year 2019/20 is EUR 0.19 million (2018/19: EUR 0.50 million). The compensation of the Supervisory Board for the business year 2019/20 will be paid at the latest 14 days after the Annual General Meeting on July 1, 2020. No advances or loans were granted to members of the Supervisory Board of voestalpine AG.

Directors' dealings notices of the members of the Supervisory Board are published on the company's website ([www.voestalpine.com](http://www.voestalpine.com) » Investors » Corporate Governance).

## INFORMATION REGARDING THE INDEPENDENCE OF THE MEMBERS OF THE SUPERVISORY BOARD

Under Rule 53 of the Corporate Governance Code, the majority of the members elected to the Supervisory Board by the Annual General Meeting shall be independent of the company and its Management Board. The Supervisory Board shall establish and publish criteria regarding such independence (see [www.voestalpine.com](http://www.voestalpine.com) » Investors » Corporate Governance).

Based on the criteria established by the Supervisory Board, seven of eight members elected to the Supervisory Board by the Annual General Meeting have confirmed that they consider themselves to be independent. The Supervisory Board member, Dr. Wolfgang Eder, pointed out in his confirmation that, given his position as the Management Board Chairman of voestalpine AG until July 3, 2019, he does not fulfill one of the Supervisory Board's criteria of independence.

With the exception of Dr. Heinrich Schaller (who represents the shareholder, Raiffeisenlandesbank Oberösterreich Invest GmbH & Co OG) and Ms. Maria Kubitschek (who represents the voestalpine Mitarbeiterbeteiligung Privatstiftung), none of the Supervisory Board members elected by the Annual General Meeting are shareholder members with an investment of more than 10% or represent the interests of shareholders holding stakes in excess of 10% (Rule 54).

As legal counsel to voestalpine AG and its subsidiaries, the law firm of Binder Grösswang Rechtsanwälte GmbH, of which the Supervisory Board member Dr. Florian Khol is a partner, provided legal services in the business year 2019/20 particularly in connection with matters related to corporate, capital market, and real estate law. Fees for these matters were invoiced at customary market rates. For the business year 2019/20, total net fees of EUR 52,434.33 (2018/19: EUR 13,648.33) were incurred for services provided by Binder Grösswang Rechtsanwälte GmbH. The

Supervisory Board member, Prof. Elisabeth Stadler, is the Management Board chairwoman of Vienna Insurance Group AG (Wiener Versicherung Gruppe – VIG). The voestalpine Group has purchased insurance policies from VIG at terms and conditions customary for the market and industry primarily for the following areas: property/business interruptions, corporate liability, and transport. VIG accounted for about 33% (2018/19: about 34%) of the voestalpine Group's premiums for insurance programs in the business year 2019/20.

## COMMITTEES OF THE SUPERVISORY BOARD

The Articles of Association authorize the Supervisory Board to appoint committees from among its ranks and to define their rights and responsibilities. The committees may also be given the right to make decisions. In accordance with the ratio defined in Section 110 (1) Austrian Labor Constitution Act (*Arbeitsverfassungsgesetz – ArbVG*), the employee representatives on the Supervisory Board have the right to nominate members with a seat and a vote for Supervisory Board committees. This does not apply to committees that handle relations between the company and the members of the Management Board.

The following Supervisory Board committees have been established:

### GENERAL COMMITTEE

The General Committee is **both the Nomination and the Compensation Committee** as defined in the Corporate Governance Code.

As the Nomination Committee, the General Committee submits recommendations to the Supervisory Board as to the filling of Management Board positions that are becoming vacant and handles issues related to succession planning. As the Compensation Committee, the General Committee is responsible for executing, amending, and dissolving director's contracts with members of the Management Board as well as for all matters associated with the administration of Management Board members' stock option plans. Furthermore, in the business year 2019/20, the General Committee dealt with the preparation of a proposal regarding the Compensation Policy as per Section 78a and Section 98a Austrian Stock Corporation Act (*Aktiengesetz – AktG*). The Gen-

eral Committee is authorized to make decisions in urgent cases.

### Members of the General Committee of the Supervisory Board:

- » Dr. Joachim Lemppenau (Chairman)
- » Dr. Heinrich Schaller (Deputy Chairman)
- » Hans-Karl Schaller

### AUDIT COMMITTEE

The Audit Committee is responsible for monitoring the financial reporting process; supervising the work of the auditor; reviewing and preparing the approval of the annual financial statements; reviewing and monitoring the auditor's independence; as well as reviewing the proposal for the appropriation of profits, the Management Report, and the Consolidated Corporate Governance Report. It is also this Committee's responsibility to review the Group's Consolidated Financial Statements as well as to submit a recommendation for the selection of an auditor and to report to the Supervisory Board thereon. Furthermore, the Audit Committee is responsible for monitoring the effectiveness of the Group-wide internal control system, the Internal Audit system, and the risk management system.

## NUMBER OF AND SIGNIFICANT CONTENT OF THE SUPERVISORY BOARD AND COMMITTEE MEETINGS IN THE BUSINESS YEAR 2019/20

During the business year 2019/20, the Supervisory Board fulfilled its responsibilities under the law and the Articles of Association, holding six plenary sessions, three meetings of the Audit Committee, and five meetings of the General Committee.

In both the plenary sessions and the Audit Committee meetings, the Management Board provided comprehensive oral and written information

regarding the development of the company's business as well as its financial management and position. At its final meeting for the reporting period on March 19, 2020, the Supervisory Board dealt intensively with the economic distortions arising from the COVID-19 pandemic, its potential ramifications for voestalpine, and the measures the Management Board has planned.

In addition to discussions of regular reports on the Group's current business and financial position, at its meetings the Supervisory Board dealt particularly with scenarios regarding CO<sub>2</sub>-reduced steelmaking, voestalpine's digitalization strategy, issues related to innovation and information technology as well as the revision of the rules of procedure for the Management Board. Both the General Committee and the Supervisory Board discussed the proposal regarding the candidates for the elections to the Supervisory Board at the Annual General Meeting on July 3, 2019, as well as the 2019 Austrian Corporate Law Amending Act (*Aktienrechts-Änderungsgesetz*), especially the new rules and regulations thereunder regarding both the Compensation Policy and the Compensation Report ("say on pay"). Moreover, the General Committee dealt with the revision of the rules of procedure for the Supervisory Board and the lawsuit that a shareholder filed against the election of Dr. Wolfgang Eder to the Supervisory Board of voestalpine AG after the Annual General Meeting 2019. This court case was suspended in perpetuity in the first quarter of calendar year 2020 and thus has ended.

The Audit Committee dealt, in particular, with the implementation of a procedure for selecting a new auditor at the Annual General Meeting 2019; the preparation and audit of the company's Consolidated Financial Statements and Annual Financial Statements 2019/20; the auditor's independence; as well as issues related to the internal control system (ICS), the risk management system, and Internal Audit.

The auditor, Grant Thornton Unitreu GmbH Wirtschaftsprüfungs- und Steuerberatungsgesellschaft, Vienna, Austria, attended the meeting of the Audit Committee on June 4, 2019, and was available for questions and discussions. The auditor, Deloitte Audit Wirtschaftsprüfungs GmbH, which had been elected by the Annual General Meeting on July 3, 2019, attended the meetings of the

Audit Committee in September and December 2019. All meetings of the Audit Committee in the business year 2019/20 thus were attended by the auditor, and the latter was available for questions and discussions.

The Supervisory Board postponed the self-evaluation under Rule 36 of the Corporate Governance Code, which was planned for the meeting on March 19, 2020, to the meeting on June 2, 2020, because not all members of the Supervisory Board were present in person owing to the COVID-19 pandemic and the associated stay-at-home orders and travel restrictions and because it makes sense to carry out a self-evaluation in a meeting at which all participating members are present in person.

## PRINCIPLES OF THE voestalpine GROUP'S COMPENSATION POLICY

Employees' total compensation takes the form of fixed, market-rate salaries, some of which are supplemented by variable compensation.

The amount of the fixed salaries is based on the activities, role, and position of the given employee, as well as their individual experience and expertise. Any relevant statutory requirements and contracts under collective bargaining agreements or works agreements are complied with as applicable. In the event of supplementary, variable compensation, the amount of the given component of compensation is contingent on the achievement of stipulated targets. Depending on the given employee's role, both qualitative and quantitative targets (in particular, EBIT and ROCE) are agreed. Targets are usually set for one business year at a time.

Group-wide requirements applicable to managing directors and officers concern the amount of the maximum possible variable compensation and the weighting of the targets. Compensation packages for all other employees are determined by each individual company in line with market conditions, taking into account both local practice and local requirements. Various compensation elements are possible in this connection, including non-monetary components:

- » Pension plans (e.g., in Austria, a pension fund)
- » Insurance policies (e.g., accident insurance)
- » Employer-subsidized meals
- » Coupons

The compensation packages of managing directors and officers always include variable compensation (bonus) and, in some cases, a pension plan and a company car.

## COMPOSITION OF THE MANAGEMENT BOARD AND THE SUPERVISORY BOARD

Professional suitability (i.e., whether the candidate possesses the requisite competence and experience) and personality traits (e.g., personal integrity) are material criteria in the selection and appointment of Management Board members. In addition, age and gender are also included in the decision-making process. Independent management audits by external advisers that are conducted as necessary ensure that the decisions are also based on objective evaluations. At present, no woman sits on the Management Board of voestalpine AG. The members of the Management Board are between 51 and 62 years of age, possess a range of educational credentials primarily in technical fields as well as widely ranging professional and international management experience.

The shareholder representatives on the Supervisory Board are elected by the Annual General Meeting in accordance with the applicable statutory framework. At this time, the Supervisory Board includes four women and one non-Austrian national. The members of the Supervisory Board are between 49 and 77 years of age and possess a wide range of professional expertise as well as professional and management experience.

## STEPS FOR PROMOTING WOMEN

In the business year 2019/20, the percentage of female executives was about 12.5%, the same as in the previous year. One woman has been appointed to a divisional management position since the business year 2013/14.

Within the scope of internal leadership development efforts, great importance is placed on continuing to increase the percentage of female participants. The Group is trying to ensure for this reason that women are represented at each training level of the Leadership Development Program (“value program”). Of the total of 198 participants in the business year 2019/20, 16.7% were women. This means that the percentage of women has risen yet again compared with the previous year (14.1%) and that it surpasses the percentage of women in the Group on the whole.

Overall, the percentage of women in the voestalpine Group in the business year 2019/20 was 14.7% (previous year: 14.4%). There are industry-specific, historical, and cultural reasons for this percentage—which remains low compared with other industries. In the public’s consciousness, the image of a steel and technology Group still conforms to the image of the heavy industry, with the result that broad-based recruitment of female employees is a challenging undertaking. Nonetheless, the percentage of women in the voestalpine Group among salaried employees up to the age of 30 is now around 38.5%; despite all of our efforts, however, women still only account for a mere 7.5% among workers.

None of the Group companies have explicit “female quotas.” Instead, the voestalpine Group strives to raise the percentage of women in the Group at all levels in the long term through appropriate measures. This includes a number of activities, some of which are country specific, e.g., participation in the “Girls’ Day,” the specific advancement of women in technical trades requiring apprenticeships, and/or boosting the hiring of female graduates of technical schools and universities. In addition, the establishment and expansion of in-house child care facilities and/or collaborations with external facilities is being accelerated. Such facilities and collaborations can be found at the Group’s plants in Linz and Leoben/Donawitz, Austria, for instance. As a result of these efforts, by now women are also employed in leadership positions in traditionally male-dominated, technical areas of the company. Women also hold executive positions in the financial, legal, strategic, communications, and human resources departments in a number of

Group companies. For example, “Legal and Compliance” in two of the four divisions is headed by women.

As part of the annual human resources report, data on the percentage of women in executive positions is regularly collected and analyzed based on qualifications and training programs for the purpose of monitoring the long-term impact of all measures.

## EXTERNAL EVALUATION OF COMPLIANCE WITH THE CORPORATE GOVERNANCE CODE

The Corporate Governance Code provides for a regular external evaluation of the company’s compliance with the Code. This evaluation was

carried out by the Group’s auditor as part of the audit of the 2019/20 financial statements. The law firm, WOLF THEISS Rechtsanwälte GmbH & Co KG, conducted the review of compliance with those C rules of the Code that concern the audit (Rules 77 to 83). As a result of this evaluation, the auditors have determined that the declaration provided by voestalpine AG with regard to compliance with the Corporate Governance Code as amended in January 2018 conforms to actual conditions.
